

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

[Returned from Ceylon, 4th March, 1840.]

1 Sir John Gardiner served in Lord Molra's expedition in Flanders and Holland in 1794 and 95. Actively employed in the West Indies, from 1795 to 1802. Accompanied the expedition to Walcheren in 1809. Served in the Peninsula during 1813 and 14, and commanded a brigade at the battles of the Nivelle and Orthes, for which he has received a medal and a clasp. Commanded the Infantry Brigade that took possession of Bourdeaux, and in the various operations which took place in the neighbourhood of that town, until the embarkation of the army for America.

2 Lieut. Colonel Forbes, when an ensign in the Cape regiment, was employed with a detachment upon the borders of the colony to repress the incursions of the Caffres, a service of much difficulty and danger. In 1810 he served as a volunteer with the 69th regiment at the landing and capture of the Isle of France. Went to Madras with that regiment, and continued to do duty with it until after the capture of Java; during the storm of Fort Cornelis and the very strong position surrounding it, he carried the regimental colour of the 69th, which was twice shot through in his hand whilst in the act of planting it on one of the enemy's redoubts. In 1812 joined his regiment, the 4th Ceylon, and in 1815 acted as Deputy Assistant Commissary General to one of the divisions that took possession of the Kandian country.

3 Major Simmonds served in the Peninsula from Feb. 1808 to Feb. 1813, including the affairs at Talavera and Alberche, battles of Talavera, Busaco, and Albuhera, covering the siege of Badajoz in 1812, engaged every day during the retreat from Madrid and Salamanca; the retreat to Portugal, and subsequent pursuit of Massena from the lines, besides several minor affairs.

4 Major Burnside served at the capture of Martinique, and siege of Fort Desaix, March 1809; capture of Guadaloupe in 1810; and campaigns of 1813 and 14 in Canada.
